

Rural Audience 30-Second Radio PSA Chimney

“Chimney Trivia”

Voice of Reason:

Here’s a trivia question you don’t want to miss.

In rural areas, name the most common place in the home where fires start?

The answer is your chimney!

In rural areas, more fires start in the chimney than in any other place of the home.

Don’t take chances when it comes to you and your family’s safety!

Smoke residue build-up in your chimney and lack of maintained fireplaces pose dangerous fire threats.

Announcer:

Have your chimney or wood stove inspected and cleaned yearly by a certified specialist.

Fire Stops with You... A message from the U.S. Fire Administration.
